

A NOTE REGARDING PERSONAL PROPERTY

Insurance carried by Sault College does not cover students' personal possessions. Sault College does not assume any liability for lost, stolen or damaged items of personal property. It is the responsibility of the student to arrange for insurance coverage for personal property brought into Ray Lawson Hall.

All valuables should be kept under lock and key. Students are advised to keep their rooms locked at all times. A malfunction of the door does not change this responsibility. Alternative secure storage may be required for valuable items. Theft of personal property should be reported immediately to the Residence Office.

For Individuals who access the residence parking lot: Sault College does not assume any liability for lost, stolen or damaged personal property, including personal vehicles.

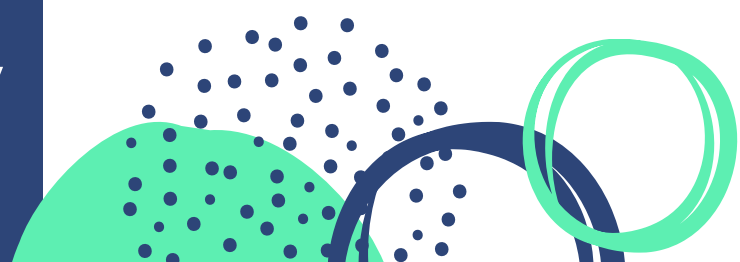

Personal property remaining in residence room or storage space at the end of Residence Agreement shall be deemed abandoned and may be disposed of.

Students with parents/guardians or have a spouse that are Ontario Residents: Property Insurance may potentially be extended to include personal possession, while residing in Ray Lawson Hall. Please inquire with your personal Property Insurance provider.

WELCOME
