

Welcome to **TORONTO**

As Canada's largest city, Toronto is a leader in finance, technology, business, entertainment and most importantly, culture. Toronto is known to be one of the most multi-cultural cities in the world! From exciting events and activities, international cuisine and an energetic nightlife. Toronto is an amazing city and home to our newest campus. Come see how amazing it is!

The Toronto campus is minutes from several eateries, beautiful High Park municipal park, theatres, shopping centres, various entertainment venues, and is easily accessible via public transit. The Dundas West subway stop is conveniently located across the road.

Diploma, Graduate Certificate	2 years	Grade 11 Math	5935	S/J/M	\$16,415

COMPUTER PROGRAMMING

2 Years - 4 Semesters **Ontario College Diploma**

The emphasis in the Computer Programmer diploma program is to give students the necessary computer programming skills to design, develop and implement computer systems. Sault College strives to keep its hardware and software environments as close as possible to industry standards and that is reflected in the lab environment where a mix of platforms exists to support curriculum objectives. Students will develop their skills using a variety of programming languages in current use including C++, Python, C# .NET, Java and scripting languages, such as JavaScript, and apply those skills to the writing of standalone and web-based DBMS applications.

CYBERSECURITY – CANADIAN CONTEXT

2 Years - 4 Semesters **Ontario College Graduate Certificate**

The Cybersecurity program is designed for the individual seeking knowledge and certification in computer and network-related administration and security. The Cybersecurity program gives students the knowledge and practical skills needed to become an industry-ready IT security professional. In addition to communication and support training, students receive training on popular operating systems, as well as learn how to perform penetration tests, vulnerability assessments and forensic analysis of security breaches.

HEALTH CARE LEADERSHIP - CANADIAN CONTEXT

2 Years - 4 Semesters **Ontario College Graduate Certificate**

This Ontario College Graduate Certificate has been designed for those who currently have a degree or diploma and wish to continue their education in Health Care Leadership. It is preferable if the previous education is in health care and the person has experience working in the health care field. This program is specifically designed to support students transitioning into the Canadian environment. Students of this program will develop professional leadership skills, project management skills, and quality management skills to support health care operations using a culturally competent approach. Students will learn patient and family care theories and patient safety to ensure quality health care operations within health care organizations in Canada. This program includes an Internship in the fourth semester, giving students the opportunity to exercise their learning and gain Canadian work experiences in a health care leadership role. Graduates of this program will have gained administrative and leadership skills preparing them for leadership roles in a variety of health care settings.
