It is your responsibility to maintain the cleanliness of your living space. We ask that you test your smoke detector monthly, and if there are any concerns to advise Residence Office.

Should we be advised that you are not following health and safety guidelines with keeping your living space cleaned, we will notify you that a Residence Staff member will be conducting an inspection. Warnings and financial penalties may be assigned against each suite or bathroom occupant if the inspected room, suite or bathroom is found in unsafe, unclean, or unhealthy conditions.

Fines are set at \$10 per person. The fines must be paid within a set time frame. When a fine or warning is issued, the area penalized is inspected at least 24 hours after the initial inspection. If the area is found to still be unsafe, unclean, or unhealthy, Sault College Physical Resource Staff will clean the area and the student(s) will be billed for the associated costs. Should a student disagree with a fine or warning, they may appeal in writing to the Residence Manager, within 3 working days. The appeal should include the reason for appeal and the desired resolution. The Residence Manager, may decide to uphold, reduce or eliminate the penalty, and the decision is final and binding.

PEST CONTROL

Ray Lawson Hall has initiated a bedbug detection program. At least once during the term of the Residence Agreement, there will be pest inspections of all rooms completed by contract specialists. All Residents must cooperate during the scheduled inspections of their rooms and treatment (if required). In addition to the on-site inspections, each room has been outfitted with an early detection bed bug device this is installed on the wall near the head of each bed. Do not remove this. This device will help detect the presence of bed bugs before an outbreak occurs. The Resident is

responsible to notify the Residence Office immediately in the event bed bugs (or any other pests) are observed in a room.

ROOM ENTRY

The College wishes to assure the privacy of students, but reserves the right to enter rooms at any time in cases of emergency, event of an illegal activity, breach of the Student Code of Conduct, or behaviour that is disruptive to other students. Note that students are required to open their door if requested by staff, and wear a mask. In order to maintain the safety of all staff and students, staff would address the situation outside the student room. However, there may be situations where the staff may require entry inside the room to address the situation.

However, if the request is not adhered to or if no one is home, the staff will enter the room to address the situation with appropriate PPE.

Prior notice does not apply should it be necessary for Residence staff to enter the suite, bedroom or bathroom for the purpose of contacting the occupants, carrying out College business, or attending to maintenance. PPE will be worn.

Any search or inspection by any individual not authorized by the Manager, Housing Services or Residence Co-ordinator, or which is not based upon proper legal authority (search warrant), is prohibited.

ROOM CHANGES

Changes to room assignments will be considered on a case-by-case basis upon request, dependant on availability. Residents who request a room change during the year are charged a \$50 administration fee, payable prior to the move, provided the change can be accommodated. Changing rooms without the consent of the Residence Office is prohibited.

DECEMBER HOLIDAY BREAK

All residents must vacate their room and the Residence 24 hours after their last exam, or by 4:00 pm on December 18, 2021, whichever is sooner. The Residence is closed from December 18, 2021 at 4:00 pm to January 8th, 2022.. Otherwise, living in Residence during the closure period is at the College's discretion and subject to additional residence fees.

Special consideration for extended stays or early move-ins must be requested in writing to the Residence Office by November 30, 2021.

Before leaving for the holidays, students are advised to empty their fridges of all perishable food items. Suites and bathrooms must be cleaned, and garbage put in the dumpster outside. All windows must be closed, and all doors must be locked. Residence staff will conduct inspections of each room, suite and bathroom, prior to closing the building for the break.

MANDATORY MEETINGS

Ray Lawson Hall staff schedule mandatory meetings from time to time during the school year to discuss important community information for all residents. It is expected that all residents will make arrangements to attend virtually. Any absence must be communicated to their RA or Residence Staff Member prior to the meeting and it will be the resident's responsibility to make arrangements to discuss the information they have missed.

MOVING IN AND OUT

MOVE-IN INVENTORY CHECKLIST

An Inventory Checklist will be e-mailed to each student at the time of check-in or room change. Students are to document any existing losses or damages on this form and e-mailed back from your Sault College e-mail to housing@saultcollege.ca within two working days after moving in... Students who do not submit an inventory sheet or who submit the

inventory sheet late may be considered responsible for any damages of the accommodation.

We anticipate normal wear and tear in bedrooms, suites and the residence building; however, repairs required for damages caused by other means will be the student's financial responsibility.

WITHDRAWAL FROM RESIDENCE DURING THE ACADEMIC YEAR

There are two types of withdrawal: "academic" and "non-academic." If a student is no longer enrolled in classes at Sault College, their departure from residence would be classified as "academic withdrawal." The student shall vacate the premises within 24 hours. Extensions may be requested by e-mail to the Residence Office. The student's obligation will be for Residence fees already paid, plus a withdrawal fee of \$700. If student continues to be enrolled but departs from the Residence, this is considered "non-academic withdrawal". The student will be responsible for paying for the room until a suitable external replacement can be found. When an external replacement enters Residence, s/he replaces the first withdrawal, regardless of the location of the assigned room. External replacements are applied on a residence-wide basis based on room type. Fee refunds will be calculated from the date that the replacement moves in and will include a withdrawal fee of \$700. If no replacement is found, there will be no refund of Residence fees. This means that there may be a student living in what was your space, however if the residence has not yet reached your spot on the withdrawal list, you will not be entitled to a refund yet.

Please refer to section 18-22: Termination and Refunds of the Residence Agreement for academic and non-academic financial withdrawal penalties.

END OF YEAR PROCEDURES

Students are required to leave residence 24 hours after their last exam, test or class. Students who wish to remain in Residence following their last exam must speak with the Manager of Residence prior to March 31st, 2022. A student who has a legitimate reason for staying, and whose behaviour has not been disruptive, may be given permission to stay. If a student's

behaviour is found to be disruptive after permission to stay has been granted, permission to remain will be withdrawn. Students will pay a nightly fee for each additional night.

Students staying past their last exam or past the last day of the Residence Agreement may be required to change rooms to accommodate incoming conferences and summer project work.

When leaving Ray Lawson Hall students must:

- Move out within 24 hours of their last exam,
- Return their room, bathroom and suite (if applicable) to its original condition,

Students should review the damage assessments. If after three (3) business days the individual(s) responsible do not come forward, charges will be assessed jointly between roommates, suite mates, floor residents, or all residents depending upon the location of the damage. Residents are responsible for any damages incurred by their guests. Residents must not attempt to repair any damage in their room or suite. Students may have deductions from their Damage Deposit for doing home repairs that do not meet residence standards. If the total charge exceeds \$50 per person, the student(s) must pay the total amount assigned. It may not be deducted from the Damage Deposit. The College arranges for all repairs and replacement of missing items, and fees assessed to students are based on the actual costs of the repairs or replacements. A list of estimated repair costs is provided on the back of the Inventory Sheet. Please report any repairs or damages to the Residence Office.

DECORATING

Residence rooms cannot be altered with paint of any kind, markers, crayons, etc. Students cannot drill holes into the walls to hang decorations. We recommend “3M” or a similar product. This includes, but is not limited to, excessive noise, hygiene or cleanliness issues, creating considerable disorder, blocking exit routes, and causing dangerous situations.

DOORS - TAMPERING WITH

In order to monitor who enters the residence and ensure the safety of the residents, it is strictly prohibited to prop open main access doors to the residence.

Fire doors are installed in hallways, stairwells and suites. Fire doors will stop the spread of fire if it were to occur. However, this can only be achieved if the door is closed properly. For this reason, it is prohibited to tamper with fire doors in any way, such as propping them open, or taping the striker down. Suite doors found to be tampered with may result in a fine for each occupant of the suite.

FAILURE TO RESPOND TO REASONABLE DIRECTIVES

All residents and guests must adhere to reasonable directives given by a Residence Staff member. All residence staff are employed to assist in the provision of a safe, secure and comfortable living environment. As such,

the staff works with all residents to enforce policies and educate residents in the process.

FIRE SAFETY / SMUDGING

Burning substances of any kind is prohibited in residence. Students wishing to burn a substance for religious or cultural purposes are asked to complete the Cultural & Religious Burning Planning Form, located in the Residence Office, for respectful community practice planning purposes. Wherever possible, students will be required to perform the ceremony outside of the residence. Any student found burning anything in residence including, but not limited to, incense, cigarettes, candles, etc. will be fined \$50 and may be given mandatory educational sanctions.

Halogen lamps and combustible fuels are prohibited in residence.

Tampering with fire safety equipment is a serious offence and endangers the lives of others. Students found to have tampered with any fire safety equipment may face sanctions including a \$500 fine and/or eviction from Residence.

All guests will be escorted off the premises and risk trespass charges.

HARASSMENT/ DISCRIMINATION

Harassment includes but is not limited to: conduct which is unwelcome or thought to be unwelcome; and words or actions that cause humiliation, offense or embarrassment to a person. This may include bullying or malicious gossip. Residents must abide by the Sault College Policy on Discrimination/Harassment and should refer to this policy for further details.

MODIFYING PHYSICAL STRUCTURE

Tampering with or modifying the physical structures of the residence is prohibited. This may include, but is not limited to, using nails or screws in the wall or ceiling, altering door closure devices, or running wires, phone lines, cables, or electrical power between rooms.

NOISE POLICY

Excessive noise is any sound (stereo, television, voices, etc.) that disturbs, or has the potential to disturb other residents and/or neighbours of the College community, at any time of day or night. This level is determined by Ray Lawson Hall residents and staff. In an effort to maintain acceptable noise levels, large stereo systems are prohibited and base levels must be reasonable.

Residents that regularly play music in excess may be required to forfeit use of their audio system within the building. All residents are expected to be courteous towards other member of the surrounding community at all times.

Noise levels at any time should not detract from any resident's ability to pursue academic endeavours or to enjoy their living environment. An individual's right to reasonable quiet supersedes another's right to make noise. When a student is concerned about the noise level, it is their responsibility to:

- Contact the person(s) involved and ask them to lower the noise level.
- If a second request does not produce satisfactory results, advise a Residence Advisor, Residence Office staff, or Security Officer on duty. If the problem continues on a regular basis, the student must notify the Residence Coordinator and/or Residence Manager. Quiet Hours have been established to provide students a suitable environment in which to study and to obtain adequate sleep. During these hours, residents and guests are expected to keep all noise to a bare minimum, keep suite and room doors closed, and implement any other techniques that will assist in keeping noise down.

EMERGENCY PROCEDURES

FIRE SAFETY

If you discover a fire in residence:

1. Remain calm,
2. Close the nearest door to the area,
3. Activate the nearest fire pull station,
4. Leave the building by the nearest exit,
5. Report to the fire department or authorities if anyone is suspected of being in the building after evacuation.

Please refer to the Fire Safety Procedures document located in each room on the back of the door.

The Residence building is equipped with fire pull stations, smoke detectors, and heat detectors. Each floor has dry chemical fire extinguishers located in the halls and kitchens. Fire exit doors are equipped with magnetic door locks. These doors will automatically open in the case of a fire alarm.

It is a provincial law that all residents must evacuate during a fire alarm; persons found not evacuating will be prosecuted under the law and/or be disciplined through the Residence or College. Refusing to evacuate the building puts not only your own life at risk but the lives of firefighters who may have to rescue you.

Fire alarms are tested on a regular basis. The time and date of these tests are posted in advance. These tests are short and you need not leave the building. During all other alarms, you must evacuate the building immediately.

Should you decide to cook in residence, please recognize the importance of fire safety. Do not leave cooking unattended. You will be held accountable for cooking-caused fire alarms. We reserve the right to inspect, remove or request the removal of cooking appliances or electrical devices.

LOCK DOWN

In the unlikely event that the Residence must lock down during an emergency, residents should:

1. Return quickly to their room or the nearest resident's room. Ensure the
1. door is locked;
2. Close blinds/windows and stay away from all openings;
3. Turn off lights and lay on the floor, under furniture if possible;
4. Stay in the room and DO NOT answer the door;
5. Turn cell phone to silent and only make calls that are absolutely necessary;
6. Wait for Emergency Personnel to evacuate you out of the building.

EVACUATION

In the event that Ray Lawson Hall must be evacuated for any reason, students will be given information and instructions by Residence or College staff. All students are expected to abide by the instructions given.

Follow the simple directions as soon as possible. Time is of the essence. Shout for help and call 911. Stay with the person.
