<b>Job Title</b>	Heavy Equipment Mechanic	<b>Job Type</b>	RI
<b>Job ID</b>	3098	<b>Duration</b>	NA
<b>Date Posted</b>	November 15, 2021	<b>Location</b>	Elliot Lake
		<b>Closing Date</b>	NA

### Job Overview - Description & Duties

To ensure success as a Heavy Equipment Mechanic, you should have proven experience working with heavy machinery, be physically fit, and be able to troubleshoot issues on the job site. Knowledge of forestry equipment is an asset; knowledge of hydraulics is essential.

### Required Skills

High school diploma or GED  
 Certification as a Heavy Equipment Mechanic is considered a strong asset, but not necessary  
 Proven work experience as a Diesel or Heavy Equipment Mechanic (3 years)  
 Able to work in a field and shop environment, and adapt easily to different work environments  
 Good communication skills and organizational skills  
 Must be reliable and punctual

### Other Requirements

Efficiently and effectively evaluate the working condition of, diagnose, assemble/disassemble, order parts for and repair heavy duty equipment  
 Inspect excavators, bulldozers, skidders, feller bunchers, etc.  
 Use secondary materials and equipment safely and efficiently  
 Diagnose faults and mechanical issues  
 Adjust equipment and replace faulty parts  
 Repair damaged equipment parts  
 Clean, lubricate and conduct routine services on heavy-duty vehicles  
 Accurately and completely document work orders, including all machine information, actions taken and time taken  
 Report damaged or faulty equipment to management  
 Continually assess service task hazards and ensure work is performed safely and to accepted standards  
 Road test equipment and check attachment operation as required  
 Remuneration will be competitive and dependent on the applicant's training, abilities, and experience  
 Company tools and vehicles available. "Peterbilt 325 utility truck provided".  
 Schedule: Monday to Friday; Overtime
