Employer	TruNorth Naturals Inc. (TruNorth Naturals)	Job Type	RI
Job Title	Harvester/Labourer	Duration	Seasonal
Job ID	11793	Location	Sault Ste. Marie
Date Posted	November 19, 2021	Closing Date	December 23, 2021

Job Overview - Description & Duties

TruNorth is a Chaga mushroom foraging and processing company based in Sault Ste. Marie, ON. We pride ourselves on our sustainability practices, quality control and love for the environment. We believe in Chaga's healing properties and providing high quality, safe Chaga products to those in need.

GENERAL JOB DESCRIPTION

The candidate is required to navigate through the forest in remote locations using a GPS, compass and maps. He or she will identify, locate and harvest Chaga mushrooms and pack out heavy loads from remote locations to drop points for pick up. Safe handling and processing of Chaga will be done using sterilized equipment eg. hand tools, grinders and mills. Daily clean up and organization of the processing facility will be the responsibility of the candidate. He or she will also be responsible for basic data entry using GPS units and spreadsheets.

MAJOR DUTIES AND RESPONSIBILITIES

- Identify desired tree stands and mushrooms grown in these areas
- Locate, harvest and pack out Chaga mushrooms from remote locations
- Process Chaga using hand tools, grinders and mills
- Shop maintenance, cleaning and organizing

MINOR DUTIES AND RESPONSIBILITIES

- Basic data entry into GPS units and spreadsheets
- Read maps, compasses and GPS coordinates
- Commute to remote locations and facility location in and around Sault area
- Learn about medicinal value of Chaga and which parts to discard and which to keep
- Shop upkeep; cleaning, organizing etc

Required Skills

Education

- Prerequisites are not required. Only an interest / passion for the outdoors and a willingness to learn and work hard.
