Employer	Domtar	Job Type	RI
Job Title	Operating Engineers	Duration	Full Time Contract
Job ID	11960	Location	Espanola
Date Posted	January 5, 2022	Closing Date	February 28, 2022

Job Overview - Description & Duties

Domtar Inc., Specialty Papers Division, Espanola Operations is currently seeking Temporary Employees (Operating Engineers - Labour Pool) for the purpose of providing vacation period relief/replacement.

As an integrated mill, Espanola operates two pulp machines for making specialty hardwood and softwood pulps, and two paper machines that produce more than 300 different types of paper. The Espanola mill's competitive difference is people and technology. Espanola ranks among the most innovative mills in North America. The Espanola Mill is ISO 9001 certified. Our FSC (Forest Stewardship Council) chain of custody certification, along with ISO 14001, also places us in the North American forefront.

Employment may commence as early as March 15th, 2022 and may continue until November 15th, 2022.

Responsibilities:

- Position supports and reports to the Shift Engineer
- General operating knowledge of power boilers, bark burning systems, raw-water pump houses, filter plant systems
- Environmental reporting
- General labour duties
- Any other duties assigned by the Shift Engineer

Required Skills

Requirements:

- Minimum: Must pass all 4th Class Exams
- Operating Engineer Certificate - 3rd and 4th Class Certificate holders are a definite asset
- PLEASE NOTE: This position involves shift work and 12 hour shifts (rotating days and nights).The Espanola Mill runs 24 hours per day, 7 days per week.
- Self-starter with the willingness to learn and pursue higher class status
- Flexibility to work and learn different tasks/areas
- Ability to work in confined spaces
- Ability to multi-task in a fast paced changing environment
- Possess excellent communication skills - written and verbal
- Good working knowledge of computer software and applications
- Knowledge of the Occupational Health and Safety Act and Environmental Act

Other Requirements

- Applicant must successfully complete a selection process that includes panel interviews, aptitude testing, background verifications, drug and alcohol testing and health assessment.

How to Apply

Resumes will not be accepted in person at this time. You must apply as noted below:

To apply, please submit resumes to:

or by e-mail to ResumesESP@domtar.com

Please note "Operating Engineer - Cambrian College" in the email header.

Resumes must be received no later than February 28, 2022.

We would like to thank all applicants for their interest; however, only those applicants selected for interviews will be contacted.

Selected applicants must successfully complete a selection process that includes the following; panel interview(s), aptitude testing, background check, drug and alcohol testing and health assessment.

Domtar is an Equal Opportunity Employer.
