### Job Overview - Description & Duties

LBMX is growing again . . .

We are seeking a Web Developer

LBMX is a great place to work and a great business. We develop and implement our own software to customers throughout North America, the United Kingdom and as far away as New Zealand and Australia!

We have done well, and we have an even more exciting future. That means we want our newest employees to be a great fit with who we are and where we want to go. We want to offer careers to good people, who are passionate about life, care about doing a good job, and enjoy being part of a team.

We work hard to make LBMX a place where you can be proud to work. If you are looking to join a company where it feels like going to your second family, a place where your hard work is valued and where you are valued, we invite you to apply. Come and help us make LBMX a better company and an even better place to work!

Location: Sault Ste Marie, Ontario

#### Position Description:

We are looking for a Web Developer to work primarily with our Development team to create and maintain web applications. You will report to the Development Manager and will be responsible for testing, fixing and debugging issues with existing web applications, as well as creating new functionality for new/existing web software.

The successful candidate must possess superior verbal and written communication skills and be committed to providing an exceptional customer experience. The successful candidate will also have strong people and organizational skills and be comfortable as an effective member of a productive team. Knowledge of front-end development is preferred.

Remote and in-office positions available.

#### Responsibilities:

- 1.Design, create, and maintain customer facing web applications.
- 2.Testing of web UI, with a strong knowledge of UX principles.
- 3.Debugging and fixing issues with existing web applications.
- 4.Continually improve the navigation, usability and performance of websites.
- 5.Deployment of new releases / changes to Test, and Production systems.
- 6.Other duties as assigned.

#### The Perks of Working with us!

Well... LBMX is a great place to work. But if we need to get specific, here are some of the amazing things we do:

- Competitive salary and benefits
- Birthday's celebrated every month with catered meals
- Monthly lunch and learns
- Quarterly company wide outings (golf, baseball games, laser tag, tail gating, etc.)
- Flexible work options
- Education subsidies for job-related courses

## Required Skills

- 1.Experience with Angular 6+, C#, ASP.NET Web API, JS, TypeScript, HTML, and CSS.
- 2.Familiar with Kendo UI, or similar web widget framework.
- 3.Experience with pre-processors and front-end tooling workflows: Node.js (NPM), SASS, Grunt/Gulp, Web Pack, etc..
- 4.Knowledge of unit testing and best practices.
- 5.Experience with GIT, or similar source control software.
- 6.Fundamental understanding of database systems (relational/NoSQL)
- 7.Familiarity with continuous integration.
- 8.Strives for continuous improvement.
- 9.Excellent written and verbal communication skills.
- 10.Solid organizational skills including attention to detail and multi-tasking skills

## Other Requirements

- Post-secondary education in a field related to computer science, computer programming, software development, or web development

## How to Apply

E-mail a resume and cover letter to: [careers@LBMX.com](mailto:careers@LBMX.com)

The subject line of your e-mail must read "Job Application - Web Developer - Sault"

About LBMX Inc.

At LBMX, we care about shared prosperity and believe in the power of independent businesses and their buying groups to create sustained economic growth. This belief comes from two decades of providing the world's only group focused technology and advisory services to help buying groups, purchasing cooperatives and their independent businesses flourish.

We are a leading business marketplace experience provider that helps independent businesses, their buying groups and suppliers buy better and sell more. Our premier solution has transformed billing and ordering, rebate programs management, real-time analytics, e-commerce and product information management across building materials, sporting goods, industrial manufacturing, food equipment, grocery and agricultural industries.

LBMX is a global company with headquarters in London, Ontario and presence across Canada, United States, United Kingdom, Australia and New Zealand.

LBMX is committed to providing a fair and equitable work environment and encourages applications from qualified women, men, visible minorities, aboriginal peoples and persons with disabilities. LBMX is also committed to providing accommodations throughout the interview and employment process. If you require any accommodations, please let us know and we will work with you to meet your needs.
