## FILM STUDIES

**Introduction to Acting – Tuesdays at  
7-10pm, Sept. 27 to Nov. 29, \$271.20**

Are you interested in acting? Looking to try out for a role in a local play or movie? If so, start here! In this course, we will explore how to find auditions, the audition process, tricks to understand a scene and tricks to understanding your character.

**Introduction to Film Production –  
Wednesdays at 6-9pm, Nov. 2  
to Dec. 14, \$233.68**

Hone your producing skills in this crash course in producing independent film. In this workshop, participants learn the process of taking a dramatic film project from development to delivery from a producer's perspective. Participants are encouraged to bring a project they are working on to develop throughout the course.

**The Film Industry: How to Navigate  
the Business – Thursdays at 6-10pm,  
Oct. 13 to Dec. 15, \$439.57**

This program is designed to provide screen-based media professionals with the skills needed to excel as managers and entrepreneurs. This course provides a practical overview of important management skills, production management, business affairs, accounting, marketing and distribution. This course is highly recommended for those interested in working in the film industry or for filmmakers who wish to improve their expertise on the business side. Participants are encouraged to bring a project they are working on as a production manager or producer to troubleshoot.
