Job Overview - Description & Duties

Repost

The North Shore Health Network provides rural health care for communities along the north shore of Lake Huron-including services in Blind River, Thessalon and Richards Landing. The North Shore Health Network sites have been serving their communities faithfully for many years providing emergency, acute, complex continuing care, long-term care and community support services

The Role:

- Effectively uses the nursing process in assessing, planning, implementing and evaluating the care of the patient and documenting appropriately in the patient chart;
- Responsible for making clinical decisions, exercising judgment to ensure the best possible nursing care is provided;
- Participate and be involved in the implementation and practice of theory/evidence-based approach to nursing care;
- Possess necessary computer /office skills required to register patients, make charts, maintain a filing system, monitor lab results, process orders, access DPV, etc.;
- Maintain a clean working environment. Assists with cleaning patient care areas between patients. Familiar with infection control policies and procedures used to control infections;
- Maintains own continuing education to enhance professional knowledge and growth.

Required Skills

- Registered Nurse with a current College of Nurses of Ontario Certificate of Competence;
- Current CPR and Intravenous certification;
- Bilingualism is considered an asset.

Other Requirements

NA
