

NEED HELP WITH YOUR COLLEGE WRITING?

WELCOME TO THE WRITE PLACE!

We are a faculty-led, drop-in tutorial available to all students.

Are you looking to develop your written and conversational English language skills? At The Write Place, we specialize in enhancing your English capabilities, ensuring you communicate confidently. Any student needing assistance with assignments, language development, essays, reports, presentations, and APA requirements may bring their work to regular tutoring hours offered by Sault College Language and Communication professors.

The Language and Communication team is here for students to succeed!

For the summer semester, please book an appointment by scanning the QR code.

Student Testimonial:

"The Write Place afforded me a really comfortable one-on-one, fun learning environment. The Language and Communication professors were more than patient and eager to help me identify and correct my own grammatical errors. I developed my computer skills, too. Over the course of the year my GPA improved, as did my confidence in my ability to produce well written assignments. I highly recommend the Write Place to any student experiencing the least bit of frustration with writing assignments."

Rhonda, Social Service Worker Program
