CHILL IN THE NORTH

SMALL TOWN, BIG ADVENTURE

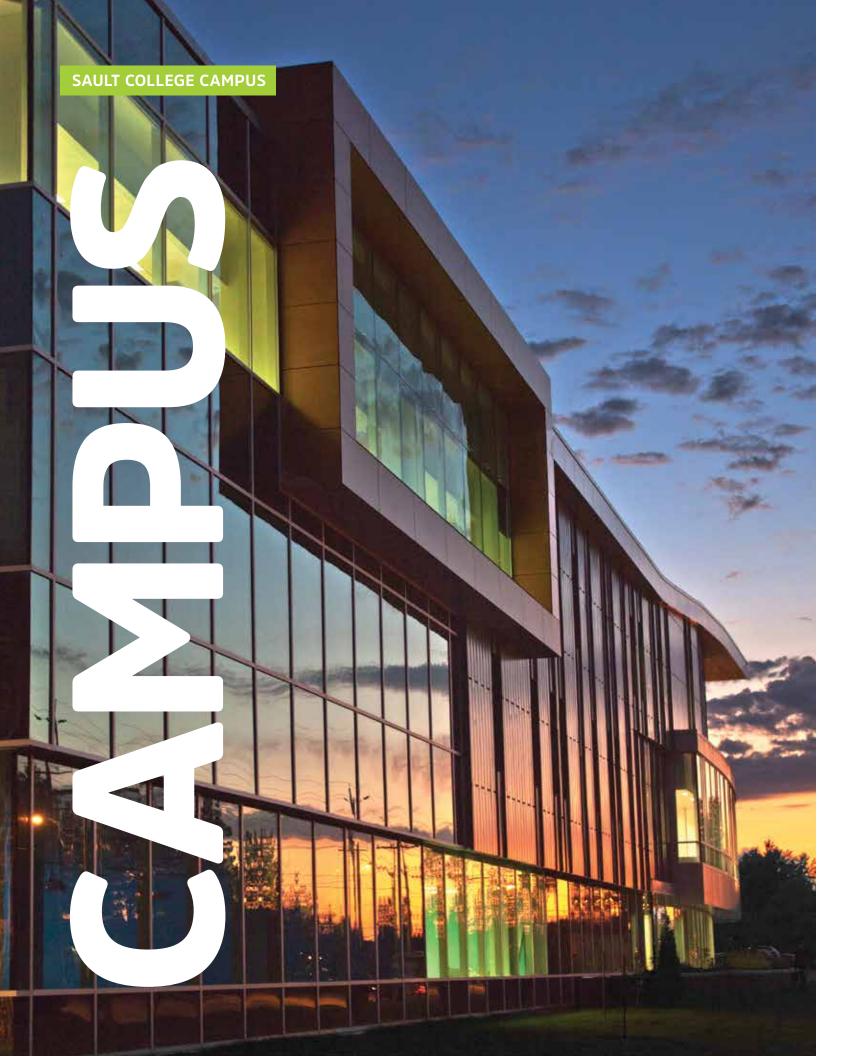

Sault Ste. Marie, aka "The Soo" is where northern energy meets rich history and natural beauty. Sitting on the border of Ontario and Michigan, the Soo is at the heart of the Great Lakes.

There's no shortage of fun here. Cruise the iconic Soo Locks, explore scenic trails, or just hang out by the St. Marys River. Find a mix of small-town charm and wild adventure, with ways to explore, relax, and enjoy your surroundings year-round. Whether you're into fishing, skiing, hiking, or just grabbing a bite by the water, Sault Ste. Marie keeps it real and relaxed. It's not flashy—but that's kind of the point. It's the Soo. And we think you'll love it here.

Sault Ste. Marie's got it all—from peaceful spaces to lively events, with a lifestyle that makes it easy to feel at home.

WHERE STUDENT LIFE GOES BEYOND THE DESK

Sault College is where learning meets life—it's innovative, hands-on, and built around what you actually need to succeed. Our campus offers the space, support, and real-world experience to help you move forward with confidence.

Here, you don't just study—you do. Whether you're flying planes, writing code, preparing for placements, exploring business solutions, or working with your hands, you'll gain real experience that helps you feel ready for your field.

Words that come to mind? Welcoming and supportive. Small classes mean your instructors know your name, and you're not just another face in the crowd. We're big on community and inclusivity, and we'll cheer you on and support you along the way.

With co-op opportunities, applied projects, and strong industry connections, Sault College helps you build your future while you study. You'll get an education that's practical, personal, and built to mean something.

This isn't just college. It's a place to learn, grow, and launch what's next.

STAYING LATE? US TOO.

Need a safe walk or help after hours? Sault College's Campus Watch is powered by student volunteers to help you feel safe and supported and give you peace of mind. Our campus is modern, bright, and surrounded by natural beauty—designed for the full student experience. With wide open interiors, a sleek design, and plenty of natural light, it's a place that feels both fresh and welcoming.

Inside, you'll find state-of-the-art labs, study spaces, and the tech you need to bring your learning to life. Need a break? There are trails nearby to explore, lounges to relax in, and places to eat, connect, and recharge—grab a bite at Tim Hortons, Subway, your student pub Odeno, and the Market Café that includes Good Vibes Grill, Grab & Go Market, Pizza Pizza, We Proudly Serve Starbucks, and more.

It's focused but relaxed—you'll feel right at home. From clubs and campus events to quiet corners for downtime, campus life is all about balance—giving you space to learn, connect, and just be yourself.

GAME ON

Get ready to play and stay active! Whether you're chasing varsity glory or just looking for fun, we've got you covered. Our Cougars compete in top leagues like Ontario Colleges Athletic Association (OCAA), Canadian Collegiate Athletic Association (CCAA), American Collegiate Hockey Association (ACHA), and Canadian Junior Football League (CJFL), earning national and provincial titles.

Not into the big leagues? No worries—join in on recreational options with sports like ball hockey, futsal, cricket, dodgeball, volleyball, and much more.

Varsity sports include Men's Baseball, Men's Curling, Men's Football, Men's Hockey, Women's Curling, Women's Hockey, and Women's Volleyball.

WANT TO BE A COUGAR?

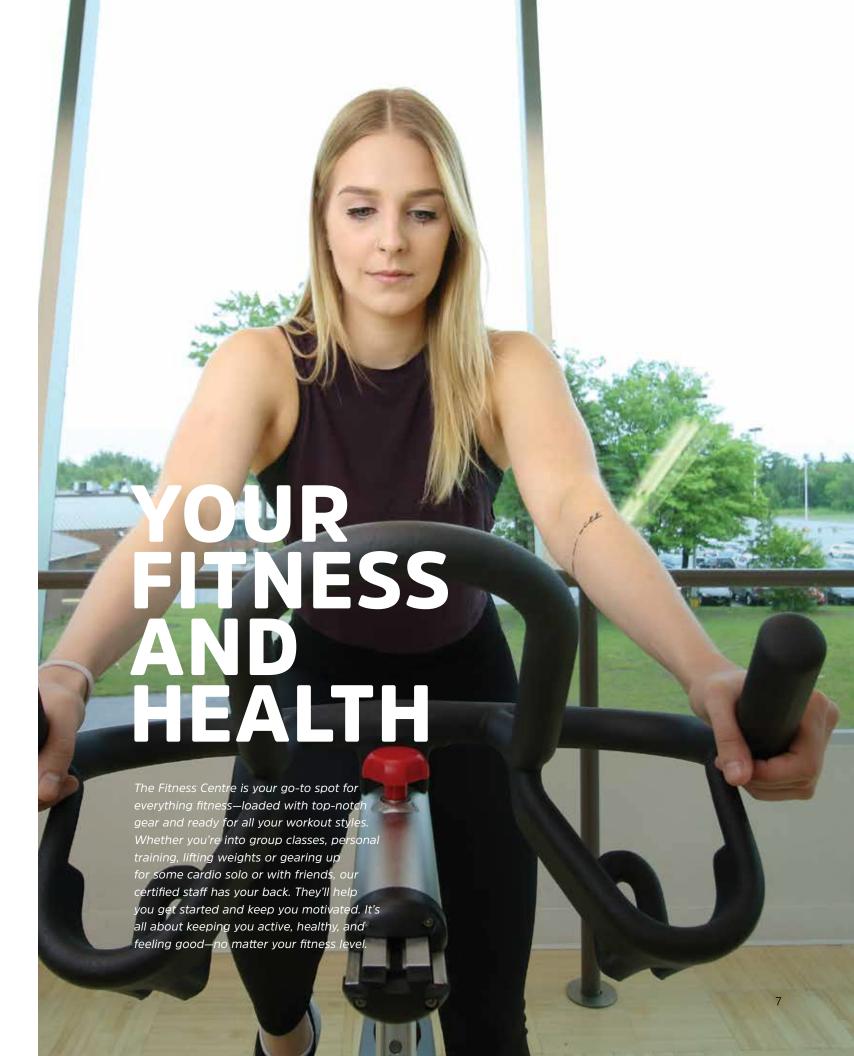

Contact your coach, apply to Sault College, accept your offer, and get ready to train. Game on!

BE PART OF A WINNING LEGACY

The Sault College women's hockey team just made history, clinching their third consecutive American Collegiate Hockey Association (ACHA) Division II National Championship title!

This win isn't just a trophy on the shelf—it's proof of their dedication, skill, and teamwork over the years. Battling through tough competition, the Cougars showed heart, speed, and precision on the ice, dominating in the title game and sealing their spot as one of the top college hockey programs!

Winning three national championships back-to-back-to-back is no small feat, and it speaks volumes about the coaching staff, the players' hard work, and the pride shared across the team and the College community. This latest win is a defining moment in the team's legacy as they continue to raise the bar.

It's more than a victory—it's a celebration of passion, pride, and the fire that drives Cougar hockey.

We've got your back every step of the way with student services designed to help you crush your postsecondary journey. Seriously, your success is our success—and we're all about making sure you thrive, both in and out of the classroom.

Need health and wellness support? The Health Centre and our counselling team are ready to help you stay balanced and focused.

Looking to level up your academics? The Success Team, peer tutoring and mentoring programs, The Write Place for writing help, and the Radical Room for math support will help you hit your goals.

For students with unique learning needs, Student Accessibility Services is all about creating a barrier-free learning experience. From accommodations to assistive tech, bursaries, and transition support, you're covered.

Got tests coming up? The Testing Centre handles everything from accessibility exams to English and Math proficiency tests and proctoring.

Feeling safe on campus matters, too. The Campus Watch Program has student volunteers who keep the campus secure and chill after hours.

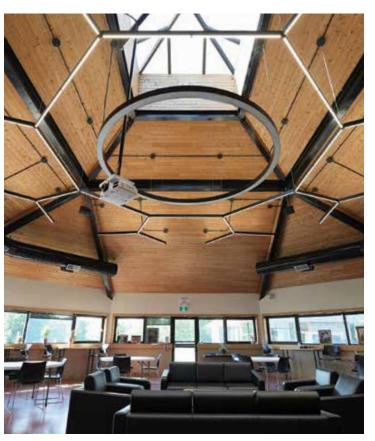

And for tech troubles, IT Services is your go-to crew. Questions? Hit them up when you are on campus.

Sault College isn't just a school—it's a community that's got your back from day one.

COME TOGETHER: ENJI MAAWNJIDING STUDENT CENTRE

Enji Maawnjiding means "Where We Gather." It's a welcoming space created for Indigenous students to connect, share knowledge, and support each other through cultural events and community gatherings.

Since its opening in 1993, Enji has been a welcoming, safe space to hang out, study, and gather for events. Enji features a kitchen and servery, study and lounge space, and is connected to classrooms and faculty offices—all designed to create a warm, inclusive atmosphere. It reflects the hard work of the Indigenous Education Council and our commitment to providing alternative educational strategies for the needs of all Indigenous students.

Learn more at saultcollege.ca/indigenous

YOUR SAFE SPACE

Move into Ray Lawson Hall and enjoy a comfortable, friendly place to call home on campus. With full kitchens on every floor, you can flex your culinary skills whenever hunger strikes. Choose from spacious doubles, cozy singles, or barrier-free rooms to suit your needs.

Residence strikes the perfect balance between study and fun. Designated study hours create a focused environment, while a packed schedule of events keeps things lively—think game and movie nights, floor hockey, dodgeball, beach days, holiday dinners, and college sports events. There's always something happening to help you make new friends and stay social.

Laundry and internet come standard, so you don't have to worry about the essentials. Need a quiet spot? Head to one of the study rooms. When it's time to unwind, lounge with friends on comfy couches while streaming shows or movies on the smart TVs in the common areas.

Start your housing search early to secure your ideal spot at Ray Lawson Hall—the perfect home away from home for your college years.

OUR RATES*

ROOM ASSIGNMENT	TOTAL COST
DOUBLE	\$5,847
SINGLE	\$6,711

*There is no meal plan requirement for Residence. Room availability, room type, and costs are subject to change for 2026-2027. Please refer to saultcollege.ca/residence for updated information.

SUPPORT WHEN YOU NEED IT

We've got a full team here for you.

Residence Advisors (RAs) are senior students who live in residence and are ready to share tips, answer questions, and help you settle in. They keep you updated on all things going on in res, plan fun activities, and help build a strong sense of community. The Manager of Housing and Student Conduct offers extra support and programming, and is also on call for after-hours emergencies. Meanwhile, the Residence Coordinator can assist with housing concerns, payments, and the admission process.

No matter what you need, there's always someone here to help. You're never alone at Ray Lawson Hall.

WE ARE WHO WE CELEBRATE

Different voices, different stories—that's what brings this place to life.

We're proud to be a community where every identity is valued and every story is heard. Diversity, equity, and inclusion aren't just words—they're at the heart of everything we do. From cultural celebrations and awareness events to supportive resources and safe spaces, we create an environment where you can bring your full self to campus. Whether you identify as 2SLGBTQAI+, come from a different culture, or just want to feel welcomed for who you are—you belong here.

You're free to be you—confident, connected, and completely accepted.

Job support through every step of your college journey.

Employment Services supports you every step of the way—from your first day on campus, through your studies, and long after you graduate. Whether you're just starting your job search or ready to launch your career, our team offers personalized support tailored to your needs.

Student Job Centre (SJC)

While you're studying, the Student Job Centre is conveniently located on campus to connect you with industry partners and resources related to your program area. Get help with cover letters, resumes, interview prep, goal setting, and explore career options. Take part in workshops and information sessions or drop in to view job postings, receive job search support, or use our computer stations to boost your job search.

Employment Solutions

As you near graduation and even after, Employment Solutions is ready to help your job search. As part of a network of Employment Ontario service providers funded by the Ministry of Labour, Immigration, Training and Skills Development (MLITSD), you'll benefit from over 50 years of experience supporting job seekers and employers. Take advantage of one-on-one consulting, resume and cover letter help, personalized job search planning, networking events, mock interviews, job matching, placement initiatives, and more.

Forget just sitting at a desk—do what you learn.

Our programs are full of hands-on experiences—from labs and workshops to capstone projects and co-op placements.

You'll learn by doing—whether that's responding in policing simulations, preparing meals in commercial-grade culinary labs, or troubleshooting engines in our heavy equipment lab. Practice hairstyling and spa treatments in the oncampus salon and spa, create digital campaigns in Mac labs, or study wildlife in our natural environment.

These aren't just experiences. Before you graduate, you'll learn and develop skills used in your career—building your resume and your network.

Your instructors are working professionals who bring firsthand expertise into your learning. You'll gain upto-date skills, personal support, and insights into what employers really want.

From workshops and simulations to community partnerships, learning here is dynamic and relevant. If you want an education that connects with real life—vou'll find it here.

Learn through a mix of theory and hands-on flight training in advanced aircraft and state-of-the-art simulators as you prepare to become a skilled, licensed pilot. Whether your goal is to instruct, fly charter, or work your way to major airlines, you'll be guided by an incredible team ready to launch your high-flying career.

YOUR TICKET TO THE SKIES

Train with a diverse fleet that includes seven new Cirrus SR Series single-engine aircraft—renowned for innovative technology, advanced safety features, and performance. You'll also learn with seven Zlin Z242 single-engine aircraft, known for their light, responsive controls, plus our Piper PA-44 Seminole multi-engine aircraft. Combined with immersive simulator training, you'll gain real experience in a high-tech learning environment.

Get ready for a career that's anything but ordinary—flying to new places, seeing the world from above, and living a life of adventure. Whether you're in the cockpit or a simulator, expert instructors will support you through a program known for its excellence.

The possibilities for your future are endless. This is your launchpad—and the sky's the limit.

BEYOND THE DESK

When you're not in the air, you'll train on realistic flight simulators both at main campus and the Hangar—tackling everything from pre-flight prep and post-flight review to catching up on lessons.

AVIATION DAY

Tour our Hangar, check out the flight simulators, meet faculty, and tour campus and residence. Register to attend Aviation Day at saultcollege.ca/aviationday

Want the full college experience with extra academic support? If you have learning challenges, the CICE program helps you build skills, confidence, and independence—with a supportive team by your side every step of the way. Real skills. Real support. Real community.

DISCOVER YOUR POTENTIAL

Looking to build your skills, grow your confidence, and gain work experience?

The Community Integration Through Cooperative Education (CICE) program at Sault College is a fully integrated, two-year Ontario College Certificate that offers in-class learning support, tutoring, and a modified curriculum that will help you shine.

This program will empower you to grow academically, socially, and professionally with support from Learning Specialists and hands-on experience through field placements tied to your program area. You will learn with your peers and gain valuable workplace and interpersonal skills.

Choose from diverse program areas of study—from culinary and construction to early childhood studies, automotive, natural environment, and more. Each area offers a unique learning experience to match your interests and strengths.

With academic support, experiential learning, and strengthened confidence, you'll discover just how far you can go—in class, in the community, and in your future.

BEYOND THE DESK

With three field placements, you'll develop vocational skills, professional work habits, and interpersonal skills, while reflecting on your progress and setting goals to prepare for success.

Love helping others and making a real impact? Community Services programs are made for people like you—compassionate, thoughtful, and ready to make a difference. Let's work together to turn that into a rewarding career.

YOUR FUTURE IN HELPING OTHERS

Ready to make a real difference?

Jump into Early Childhood Education and receive training in programs from The Hanen Centre® that help children build language, literacy, and social skills. Earn your ECE diploma, become a Registered Early Childhood Educator (RECE), and even transfer credits toward a university degree. Make a lasting impact on the next generation in a career that's in demand.

The Social Service Worker program gives you the skills to support individuals, families, and communities through hands-on learning and meaningful care. Choose Social Service Worker – Indigenous Specialization to deepen your cultural understanding and learn to support both Indigenous and non-Indigenous communities through a holistic Indigenous lens.

As a graduate of one of our Social Service Worker programs, you'll meet the requirements to register as a regulated Social Service Worker with the Ontario College of Social Workers and Social Service Workers (OCSWSSW).

No matter your direction with social work, you have opportunities to choose a pathway to a degree—earning your diploma here and completing your degree in two more years with over five partnering universities.

BEYOND THE DESK

We know hands-on experience is essential to success and employment. Our Community Services programs include field placements that let you apply your skills in real community settings with real employers. You'll be ready for a rewarding career as a compassionate and confident community professional.

Love food and dreaming of a tasty career? Get hands-on with cooking, menu planning, and restaurant skills. Learn the classics, master new techniques, get ready to lead the kitchen—and maybe even be your own boss. Your foodie adventure starts now!

CRAFT YOUR CULINARY FUTURE

If cooking's your art and bringing people together is your jam, you're in the right place.

Our Culinary Skills and Culinary
Management programs have you working
alongside skilled chefs to prepare you to
rock any kitchen. Whether you're feeding
a crowd or plating like a pro, you'll get
hands-on with a variety of ingredients,
cook for events, and master the art of
presentation—because we eat with our
eves first!

Want even more real-world experience? In Culinary Management, you'll learn from top chefs at a local favourite during a paid co-op. Your future could take you anywhere—from five-star restaurants to launching the next big food craze. Come find your flavour with us!

BEYOND THE DESK

Put your skills to work by prepping, cooking, and serving takeout meals on campus during select lunch and dinner service days. It's real kitchen experience in a real setting—sharpening your techniques, feeding the college community, and showing off what you can do.

What if? That question powers every gadget and smart solution. You're a curious problem solver ready to make things better, faster, and more efficient. Engineering technology is your playground—where your ideas come to life and keep the world moving forward.

BIG IDEAS START HERE

Big things are happening in manufacturing, medical, construction, and aerospace—technology is driving innovation across industries. With growing demand for skilled problem solvers, our engineering technology programs prepare you to design, build, and maintain the systems that keep the world moving.

Get hands-on experience in modern labs and work with real equipment by choosing a diploma program in construction, electrical, or mechanical engineering. In Mechanical Engineering Technician, you'll be so hands on that you may be eligible for your Millwright Apprenticeship Levels 1, 2, and 3 along with your diploma.

Prefer structures over systems? Our Civil Engineering Technician program lets you get hands-on with surveying, materials testing, and project planning—giving you the skills to help shape the world around you.

Not sure which path to take? Our Pre-Trades and Technology program offers hands-on experience across many trades and technologies, giving you a solid foundation in just two semesters. Start your career or enhance your skills by continuing with a related diploma program.

Ready to build the future? Explore our programs and prepare for an in-demand career solving real-world challenges.

BEYOND THE DESK

Get real-world experience working with state-of-the-art equipment found in today's workplaces. From the mechanical lab and machine shop to the automation systems lab and beyond, you'll develop the skills that employers we're connected with value most.

Not sure what sparks your passion? No worries! General Arts and Science is the perfect place to discover your path and start crushing your career goals. We can't wait to see you explore college and plan your next steps.

A START OF SOMETHING MORE

Ready to dive into a mix of interesting subjects and build skills to support your journey?

Explore everything from social sciences and humanities to math and science—all while boosting your communication, critical thinking, and people skills. Choose your pace, full-time or part-time, and our supportive faculty will help customize your schedule and electives to fit your life, interests, and goals.

Earn a one-year certificate to jump start your career or use it as a stepping stone toward a diploma in the area of study that suits you best—with priority access for GAS graduates. Thinking about university? Our University Transfer program provides a strong foundation and plenty of pathways to degrees in two years. Earn your diploma here, then complete a degree in as little as two more years with a partnering university.

BEYOND THE DESK

In both the one-year and two-year programs, you'll work with instructors to build a schedule that fits your goals, interests, and lifestyle—whether full-time or part-time. In the final semester of the two-year diploma, you'll complete a guided independent study and choose how to present your work—paper, video, creative project, or beyond. It's a chance to show off your strengths in a way that reflects who you are and where you're headed.

Have a heart for helping? Our Health programs turn your natural ability to help into real care—because people matter, and so do you. Start your journey towards a meaningful career in health care and make a difference every step of the way.

MAKE A REAL IMPACT ON YOUR COMMUNITY'S HEALTH

Our nursing programs get you ready with small class sizes, simulation labs, and clinical placements that lead to real-world success. At Sault College, you can earn your full Bachelor of Science – Nursing (Honours) degree or the two-year Practical Nursing diploma. You'll be guided by expert faculty who support you every step of the way.

If rehabilitation sparks your interest, the Occupational Therapist Assistant and Physiotherapist Assistant (OTA & PTA) program prepares you to help people regain independence and overcome physical challenges. Expand your education with a pathway to a degree—earn your diploma here, then transfer to a partner university to complete your Bachelor of Kinesiology in as little as two more years.

Prefer more hands-on care? Our one-year Personal Support Worker (PSW) certificate could be the right fit. Not sure where to begin? Pre-Health Sciences gives you the foundational skills and confidence to choose your next step in health care—all in just two semesters.

BEYOND THE DESK

Students in nursing, PSW, and OTA & PTA programs train in simulation labs with lifelike manikins—covering adult, maternity, and pediatric care. Participate in inter-professional simulations with local healthcare partners to build skills and confidence, then apply them in clinical placements in real healthcare settings.

MEET MAKAYLA TURNING PASSION INTO PRACTICE

Originally from southern Ontario, Makayla came to Sault College after completing a BA in Fine Art and seeking something more for her future. She started with the Pre-Health Sciences certificate, which prepared her for the Honours Bachelor of Science in Nursing (BScN) program. Hands-on learning has been a major part of her experience, with labs, simulations, and clinical placements starting in first year that gave her practical skills and confidence right away. That early exposure paid off, as connections from placement led to summer employment in healthcare—further sharpening the skills she's building in the program.

Thanks to the Ontario Learn and Stay Grant, starting her degree was even easier. Makayla is active on campus as Vice-President of the BScN 2028 Chapter, Canadian Nursing Students'
Association (CNSA) Academic Support Chair, and a Peer Tutor for Pre-Health—supporting classmates while growing her passion for healthcare. She's excited to enter her second year, where she'll expand her skills through new clinical settings. She loves that nursing will offer her diverse opportunities, new challenges, and the chance to embrace lifelong learning throughout her career.

Learn through Indigenous perspectives, community, and connection. Our Indigenous Studies programs centre Indigenous knowledge, culture, and ways of learning—preparing you to support communities and grow your own understanding.

CELEBRATE, LEARN, AND GROW WITH US

Sault College is proud to celebrate the languages, cultures, and traditions of Indigenous, Métis, and Inuit students. We blend cultural worldviews into our curriculum and offer Indigenous-specific programs.

The Social Service Worker – Indigenous Specialization (SSW-IS) program prepares you to support Indigenous and non-Indigenous individuals, families, and communities, grounded in Indigenous knowledge and values. Choose a pathway to a degree and complete both a diploma and a degree in as little as four years—with options like Bachelor of Social Work and more.

Our Biidaaban Indigenous Foundations certificate introduces you to college life through Indigenous teachings while helping you build core academic skills. Choose electives tied to your interests and goals, and be ready to transfer courses into other Sault College programs with confidence. Biidaaban is designed to support your transition into college and help you thrive.

Indigenous students also have access to Indigenous counsellors, Elders-in-Residence, cultural events, scholarships, and welcoming learning and social spaces.

Here, education is rooted in purpose, community, and Indigenous perspectives.

BEYOND THE DESK

Step into your future with real-world experience in your SSW-IS program. Complete two field placements—totaling 550 hours in social service settings. You'll work with local Indigenous and non-Indigenous agencies, turning classroom learning into meaningful community impact.

Tech is everywhere—so your career can be too. From computer programming to cybersecurity, networking, and beyond, IT powers nearly every industry. Build the skills employers need and get ready to launch your future in a connected world.

CONNECTED BY TECH

Curious about code? Fascinated by how tech connects it all?

Launch your IT career at Sault College with diploma programs in Computer Programming and Computer Networking and Cyber Security. You'll gain handson experience using current tools and technologies—developing applications, securing systems, and building networks in labs that mirror real-world workplaces.

Looking ahead to a Bachelor of Computer Science? Earn your Computer Programming diploma here in just two years, then complete your pathway to a degree—getting both credentials in as little as three years.

With tech powering every industry, there's no better time to start.

BEYOND THE DESK

Put your skills to the test in the final semester of your diploma program. Complete a Capstone Project that brings your skills and knowledge together with the opportunity to connect with local organizations. Whether you're developing a custom application or designing a secure network infrastructure, you'll work independently or as part of a team to solve a real-world problem—just like in the workplace.

with the Great Lakes, rugged Canadian Shield, and endless forests just

outside your door. Let's take it outside.

WHERE NATURE IS YOUR CLASSROOM

We're all about protecting nature—and we love sharing that passion with you.

The School of Natural Environment blends conservation, environmental protection, and resource management with hands-on field study in the breathtaking forests, lakes, and landscapes of northern Ontario.

If you dream of a career focused on and in the outdoors, you'll find your fit in one of three amazing diploma programs—each with a co-op placement to help you build real-world experience while you study.

Already have a diploma or degree? The Natural Resources and Environmental Enforcement graduate certificate will give you the specialized training to help protect and preserve our natural resources.

Looking to go even further? Complete a two-year diploma here and follow a pathway to a degree-transitioning to a Bachelor of Science with one of our partnering universities in as little as two more years. Or choose another focus area and earn two diplomas in just three years.

With a 45-hectare outdoor lab, immersive field trips, and collaborations with local organizations, you'll gain the skills to launch an impactful career in the natural environment—in the perfect setting.

BEYOND THE DESK

Field Camp takes your learning outdoors with multi-day, hands-on sessions. Build skills like identifying species, using field equipment, and conducting surveys, inspections, or investigations. Learn alongside your peers and instructors while working in forests, lakes, and field sitesbuilding confidence, connections, and real-world experience that gets you career-ready.

MEET LUIS FIELD SKILLS THAT GET NOTICED

The Fish and Wildlife Technician program caught Luis' attention, thanks to his passion for aquatic ecosystems and diving. Originally from Brazil, Luis saw Ontario as the ideal place to build a career in the natural environment, with opportunities spanning Ontario Parks, the Ministry of Natural Resources, and beyond. Supportive communication from International Student Services and Sault Ste. Marie's affordable cost of living made choosing Sault College an easy decision—and he quickly fell in love with the program from the very first day of orientation.

Now a recent graduate from the School of Natural Environment, Luis credits the hands-on skills he gained throughout the program for helping him stand out in his current role with the Ministry of Natural Resources. His daily work draws directly on the practical knowledge from his classes. Having been a Peer Tutor in his second year, and benefiting from supports like the Student Job Centre, Success Team, and Peer Tutoring himself, Luis knows students have many supports to help them succeed.

You're all about having your community's back, and we really do appreciate that. Get ready for hands-on training that prepares you for rewarding careers in policing, law enforcement, and public safety.

YOUR PATH TO PROTECT AND SERVE

Our Police Foundations program gives you the hands-on skills and tech training used every day by professionals in law enforcement and the military—from criminal and civil law to defensive tactics, fitness, and crisis response.

Looking at a career in safety or security? The Protection, Security, and Investigation program prepares you for policing, customs, corrections, private security, and more. You'll build your understanding of law, protection strategies, and investigative techniques—all while developing strong communication and problem-solving skills.

Our grads are out there making a difference—working with local police services, the OPP, RCMP, and even rising to leadership roles like Deputy Chief of Police.

You can also follow a pathway to a degree—earning your diploma at Sault College and continuing your studies at one of our partner universities to earn a degree in just two more years.

If you care about protecting people and the planet, explore the Natural Resources and Environmental Enforcement graduate certificate. It's a great path for diploma or degree holders who want to combine law enforcement with protecting our natural environment.

We can't wait to see where you go next. Let's build safer, stronger communities—together.

BEYOND THE DESK

Train like a pro in our MILO Range simulation lab, featuring over 800 realistic scenarios designed to build confidence in tactical response, use-offorce decisions, and firearms training. Interact with onscreen situations using voice recognition and simulated tools—preparing you for the field. Simulation training supports up to 90% learning retention, helping you stay sharp and career-ready.

MEET ELLA READY FOR REAL-WORLD CHALLENGES

Ella has always had a passion for helping others and building community. Through volunteering, she knew she wanted a career that was rewarding—and she's always loved a challenge. Unsure which path to take, attending a Sault College Open House in high school gave her the chance to explore the Police Foundations program. She discovered a career that offers variety, lifelong learning, and the opportunity to make a real difference.

Now entering her second year of Police Foundations, Ella appreciates that she's more than just a number in class. Instructors know every student by name, share real-world experiences, and offer support to help them succeed. She even explored the program's high-tech simulations, where policing students practice de-escalating tense situations. Participating in these scenarios gave Ella insight into the quick decisions police officers face—and she can't wait to tackle more simulations this year.

Love helping people look and feel their best? Get hands-on in our on-campus salon and spa, where you'll build real skills, work with real clients, and start shaping your future in beauty and wellness.

YOUR FUTURE IN BEAUTY AND WELLNESS STARTS HERE

In our on-site salon and spa, you'll develop your skills in a professional environment gaining real-world confidence and working directly with members of the public.

Choose Hairstyling if you love making people look great, being creative, and helping others find their style. Learn cutting, styling, colouring, chemical services, extensions, wigs, and more—building your experience on the salon floor while preparing for provincial certification and apprenticeship opportunities.

If well-being is more your style, the Esthetician diploma is a two-year program that trains you in facials, body treatments, waxing, makeup, manicures, microblading, eyelash extensions, and beyond. You'll work with industry-level equipment and top product lines while building the key business skills to succeed in spas, clinics, or your own venture.

Whichever path you choose, both programs run 45 weeks—fast-tracking your way into the world of salon and spa services.

Whether your goal is to help others feel confident or express your creativity, you'll graduate ready to shape your future in the personal care industry.

BEYOND THE DESK

Get more than just classroom practice—gain real-world experience in professional settings. In Hairstyling, take the lead in the Salon, managing appointments, demonstrating toptier customer service, and providing salon services to clients under the guidance of licensed instructors and visiting industry professionals. In The Spa, Esthetician students deliver a wide range of spa treatments, makeup applications, and trending beauty services—building confidence and professionalism while working with real clients in a calm, wellnessfocused environment. By your final semesters, you'll be working at industry pace, mastering both technique and client care.

SALON AND SPA SERVICES PROGRAMS

Esthetician Hairstyling

See page 69 for more details or visit saultcollege.ca/salonspa

If you're into hands-on work that shapes the world, our skilled trades and transportation programs put you on the path to a future that's built to last. Learn by doing, gain in-demand skills, and get set for a career that powers entire communities.

GET HANDS-ON SKILLS THAT DRIVE YOUR CAREER

Whether you're repairing cars or heavy equipment, our automotive programs will fuel your future. Train hands-on in our Motive Power Centre and Heavy Equipment Lab using the latest tools, tech, and equipment employers rely on. Choose your focus—automotive repair, advanced repair, or heavy equipment and truck repair—and drive toward an in-demand career.

Prefer to build? Our Construction
Techniques program gets you blueprintsavvy and job-site ready in just eight
months. Want to spark your skills?
Learn to weld like a pro with our
one-year Welding Techniques program
and continue into a second year to earn
a Metal Fabrication diploma.

Interested in mechanical systems?
Mechanical Techniques builds indemand millwright skills to help you launch a career in maintenance and manufacturing. Ready to go with the flow? Plumbing Techniques prepares you for real-world work in a growing trade.

Not sure which trade is the right fit? Pre-Trades and Technology lets you explore multiple areas while gaining a solid foundation.

Whatever path you choose, we'll help you build the skills, confidence, and experience to succeed in the trades.

BEYOND THE DESK

Train with industry tools, equipment, and real materials in labs built to mirror the job site—like the Machine Shop, Mechanical Lab, Heavy Equipment Lab, welding bays, and more. Build confidence with skilled instructors and get career-ready fast. You are in high demand.

MEET STEPH BUILDING HER FUTURE

Born and raised in Sault Ste. Marie, Steph worked in social services for ten years before deciding it was time for a change —and a career in the trades felt like the perfect fit since she has always loved working with her hands. From controlling fire and heat to shaping and fusing materials, Steph loves how you get something solid and functional. Now, a second-year Metal Fabrication student, she thrives on the precision of the trade, the focus it demands, and the instant feedback from her work. She has never experienced anything quite like it.

Steph appreciates how involved the program coordinator and instructors are, going above and beyond for students. Their onthe-job experience is so valuable in helping students apply skills in their tasks and projects. Welding challenges both the body and the mind, and Steph is constantly learning through hands-on lab work. She feels proud and excited seeing her finished welds—made with her own two hands. The variety of career paths and strong job security for welding drew her in, and she loves that the work is not only hands-on and meaningful, but it's a lot of fun, too.

GET FINANCIAL HELP AT SAULT COLLEGE

Need help paying for college?
No worries—Sault College's Student Financial
Assistance team has you covered. From OSAP
and scholarships to bursaries and special
awards, we make it easy to get the support
you need.

HERE'S WHAT WE OFFER:

- Help with Ontario Student Assistance Program (OSAP) applications
- Scholarships, bursaries, and awards info and applications
- Support with bursaries and grants for students with disabilities
- Special bursaries for students struggling with educational costs
- Part-time student loans for low-income students

We're here to make college affordable and stress-free.

EDUCATION OPTIONS

We have many opportunities for you to prepare, further, and enhance your education.

ACADEMIC UPGRADING

Missing a course prerequisite for admission to your college program of choice? Need an Ontario Secondary School Diploma (OSSD) equivalent for employment or apprenticeship? If so, our Academic Upgrading program can help you prepare for college-level and apprenticeship programs at any time during the year. With year-round intake, flexible course delivery, and self-paced learning options, upgrading meets the needs of a diverse student population. Qualified Academic Upgrading students have the opportunity to take a college course free of charge. Assistance with transportation is also available. Visit saultcollege.ca/upgrading

APPRENTICESHIPS

Sault College is an approved Training Delivery
Agent for the Ministry of Labour, Immigration,
Training and Skills Development (MLITSD). We offer
in-school apprenticeship training in the following
trades: Automotive Service Technician, Truck and
Coach Technician, Heavy Duty Equipment Technician,
Parts Technician, Construction and Maintenance
Electrician, Industrial Electrician, Plumber, Steamfitter,
Machinist, Ironworker, Hairstylist, and Cook.
You must be a registered apprentice to register in
our apprenticeship classes. To learn more about
how to become a registered apprentice, visit
skilledtradesontario.ca

CONTINUING EDUCATION

Lifelong learning is what Continuing Education is all about. With programming for certificates and diplomas, corporate training, pre-apprenticeship, and general interest programming, we have options for everyone, whether online or in-person. With courses running throughout the year, registration is always available. Visit saultcollege.ca/coned to get started. To further advance your current career, explore our micro-credentials at training.saultcollege.ca

DUAL CREDIT OPPORTUNITIES

In partnership with the Algoma District School Board and the Huron-Superior Catholic District School Board, we offer dual credit opportunities for grade 11 and 12 students in Algoma. Students can register and participate in college courses while still in high school. They'll earn college credits while earning high school credits toward their Ontario Secondary School Diploma. Students will get a sneak peek into what's ahead in their postsecondary journey and become familiar with the college environment, programs, and services. For learners with 8 or fewer credits left to graduate, the on-campus SWAC program can help you earn your OSSD. For more information, visit your high school Guidance/Student Services office and visit saultcollege.ca/highschool. Dual credit programs are funded by the Government of Ontario through the School College Work Initiative.

FIND YOUR PATHWAY

Our Pathways Office is here to answer your questions, guide you through the transfer process, and help you explore all pathway and transfer opportunities.

705.759.2554 ext. 2874 pathways@saultcollege.ca

Further your postsecondary education right here! Explore our pathways and transfer options to reach your goals and enhance your skills.

Visit saultcollege.ca/pathways

Pathways Beyond

Start with your diploma at Sault College and take your next step with a partnering university. Explore 2+2 pathways to earn both a diploma and a degree in just four years. With over 100 established pathways and growing, we'll guide you through every step—even if your interest isn't on our list.

Some available degree pathways include Bachelor's in:

- Arts
- Business Administration
- Computer Science
- Engineering
- Environmental Management
- Health Science
- Hospitality Management
- Science
- Social Work

Pathways Within

Many of our certificate and diploma programs offer pathways for you to complete a second credential right here at Sault College—some with only one more year and little to no credit loss! Enhance your skills, knowledge, experience, and confidence with a second program, giving your resume the competitive edge.

Our pathway within program areas are:

- Aviation
- Business
- Culinary
- Engineering Technology
- General Arts and Science
- Health
- School of Natural Environment
- Policing, Law and Public Safety
- Skilled Trades and Transportation

Pathways Into

If you have already completed one or more courses at another postsecondary institution or have been in the workforce, explore your transfer options at Sault College.

CREDIT TRANSFER

Transfer credits to a program here if you've completed courses at another recognized college or university.

ADVANCED STANDING

You may have enough credit transfer to transfer into a program past the first semester. Pre-approved programs are in Business and Health.

PLAR

Prior Learning Assessment and Recognition (PLAR) assesses learning gained from employment, volunteer work, training, and military service. You may get college credit for courses you can show met learning outcomes through your life and/or work experience.

ADMISSION PATHWAYS

You may be able to transfer into a program here without retaking high school courses or use your diploma or degree to gain admission into one of our graduate certificate programs.

ONTRANSFER.CA

Explore pathways beyond our official agreements at **ONTransfer.ca**. This is a tool by the Ontario Council on Articulation and Transfer (ONCAT) where students can explore a variety of pathways to and from universities and colleges in Ontario. You can find pathways from diplomas to degrees, transfer credits, and more.

WANT TO CHAT WITH ONE OF OUR RECRUITERS?

Meet and connect with them at saultcollege.ca/recruiters

1 APPLY BY FEB. 1ST

Go to **ontariocolleges.ca** to apply by February 1st for equal consideration. Follow the prompts to complete the process. Call us at 705.759.2554 ext 2222 for help as you are applying. We are standing by to help in any way we can. There is a non-refundable \$150* fee to apply.

3 CONFIRM ONLINE

The most important step is going back online to **ontariocolleges.ca** to confirm your offer once we've accepted you into your program. Offers of admission are sent out after November 1st. We need to know you're coming so we can get things ready for you.

2 WATCH FOR OUR LETTER

Once your application is processed, you'll receive an official letter in the mail to let you know if you are accepted into your program of choice or if there is anything missing.

4 SECURE YOUR SPOT

Lastly, you'll need to pay your fees to secure your spot.
We'll let you know what else you need along the way.
Congratulations! You've just made a great choice in choosing
Sault College. We'll see you soon!

*Application fee subject to change.
