FIND THE
REAL
YOU
Find the real you. Patrick did.

A graduate of our Graphic Design program, Patrick is driven by his passion for fine arts and now runs his own business with a small apparel collection, colouring books, and his artwork now graces houseware products. Amazingly, Patrick was able to team up with shopping giant Ebay and created a line of limited edition scarves that were sold online.

“Don’t ask yourself what the world needs, ask yourself what makes you come alive and go do that” – words Patrick lives by every morning on his way to work.

There is no denying that you will be nestled in one of the most awe-inspiring places in Ontario. From hiking, kayaking, skiing, beach days and so much more – a northern adventure awaits.

**COOL PLACES**

Main: An ice cave that formed along the coast of Lake Superior near Old Woman Bay.

Bottom (Left to Right):
Students enjoy a snack at Odeno – your student-run restaurant.
Snowboarding at Searchmont Resort.
Exercise with a view in our city’s outdoor gym.
Have fun on campus with student activities.

Receive a winter lift ticket at Searchmont Resort*  
*Included in student ancillary fees
Main: Splash into Bathtub Island – a hidden treasure of Lake Superior.

Left (Top to Bottom):
Benefit from real involvement with our Sault College Students’ Union (SCSU).
Relax in our lounge and study areas.
Students enjoy the view at a local waterfront bar.
DO YOU LOVE BEING PROUD?
WE DO.
THE NUMBERS DON’T LIE. OUR STUDENTS LOVE SAULT COLLEGE AND WE ARE PROUD TO SHOUT IT OUT! CHECK OUT OUR 2016/17 KEY PERFORMANCE INDICATORS.

RANKED IN TOP 2
for overall Student Satisfaction in past six years – twice #1.

#1 COLLEGE for quality of facilities four years in a row.

#1 IN PROVINCE
for quality of learning experience – #1 or #2 for nine years in a row.

A+ in student satisfaction in 34 of our programs.
IE3
Sault College is excited and charged to introduce the iE3 for 2018. The Institute for the Environment, Education and Entrepreneurship (iE3) program is an innovative, interdisciplinary initiative supported by our Natural Environment and Information and Communications Technology programs. Fusing education and applied knowledge with shared space amongst future private sector businesses and employers. This is a new level of interactive education and learning. Get ready for iE3 – cause we can’t wait!

CHILD DEVELOPMENT CENTRE
We understand the needs of families. We are one of the only Colleges that offers licensed on-site childcare for students. We are taking a new leap – introducing a new home for our child development centre. A modernized and innovative learning lab will grace our campus. A state-of-the-art space that is designed around identified Indigenous elements evident in the physical indoor and outdoor environment.

WATERFRONT TENNIS CENTRE
We are charged with revitalizing our waterfront property. The vision for this plan is to establish a Centre of Excellence in Tennis for our students and the community at large, and a Waterfront Centre to support programming, specifically the Natural Environment and Outdoor Studies programs.
BUILDING FOR BRIGHTER FUTURES

Proposed concept and not indicative of final design.
Love to jump?

The Sault College Cougars proudly compete in the Ontario College Athletic Association along with 29 other colleges and universities in Ontario. Sault College is also a member of the Canadian Collegiate Athletic Association, the national governing body for men’s and women’s college sport in Canada.
THE HEALTH AND WELLNESS CENTRE IS YOURS – YOU MAKE IT WHAT IT IS.

The full-sized gymnasium incorporates an upper-level, two-lane 114-meter indoor walking and running track. Fitness rooms and open-concept studios are graced by real, natural lighting and a window terrace overlooking the Sault campus. Customizable cardio and strength equipment connect with smartphones to track workout activity against goals. Exercise and catch the latest show with our 19-inch touch screens equipped with internet and smartphone/ipod connections.

We offer not only the best in facilities and equipment but also individualized personal training and group fitness instructional options. Enjoy classes in spin, step, corefit, flow and much more. Staffed for students by students for whatever your fitness needs may be.

DID YOU KNOW?

Students receive a membership for access to our Health & Wellness Centre*

*Included in student ancillary fees
ATHLETICS
If you are an athlete or love to stay fit, then you will feel right at home here. From champion Varsity teams to fun campus leagues, your sport lives here.

Sault College Athletics boasts endless opportunities for sport participation; both competitive and recreational. Competing within the Ontario Colleges Athletic Association (OCAA) and Canadian Collegiate Athletic Association (CCAA), our highly successful Varsity sports program has helped our Cougars secure national and provincial recognition. Competitive athletic programs for men and women include basketball, indoor soccer, hockey, cross country golf and curling. The hockey program competes in the ACHA (American Collegiate Hockey Association).

If you want to stay active and are pursuing bragging rights instead of awards, we offer a variety of recreational sport options including ball hockey, volleyball, skiing, tennis, cricket, esports and much more.
Students will find comfort in spacious double, single, premium single and barrier free rooms. During your stay, allotted study hours provide a positive learning environment while added programming offers fun opportunities to meet new people. An endless number of events like ice fishing, paintball, floor hockey, dodge ball, beach days, city wide scavenger hunts and holiday dinners will fill your days with excitement! Of course laundry, cable, internet and local telephone services come standard. If you want to flex your culinary muscles, Ray Lawson Hall hosts a full kitchen on every floor. You can also kick back on the couch with your friends for movie night or catch a game on the flat screen TVs located in our common areas. For more information visit saultcollege.ca/residence
No worries – we have laundry, cable, internet and local telephone services covered!

Is living off campus more your style? See Off-Campus Connections (OCC) for more info!

Did you know that we distribute some of the highest amounts of money per student among Ontario Colleges? We are pretty proud of it! Paying your fees is an important part of becoming a Sault College student and our Student Financial Assistance Office makes sure you have access to the best resources to help with those educational costs. Along with OSAP (Ontario Student Assistance Program), we assist with SBA (Scholarships, Bursaries, and Awards) and Student Exceptional Expense Bursary and Entrance Awards. Don’t understand the pesky details of budgets? We can help with budget counselling and debt repayment sessions. Need a job while you study? We offer student jobs within the college through the On-Campus Student Employment Program.

Real support and personal service.
That’s every day for us!

EMBRACING TRADITIONS AND VALUES. THIS IS WHERE WE GATHER.

Sault College proudly offers a unique learning environment that celebrates the languages, cultures and traditions of Indigenous and Metis students. Our curriculum incorporates cultural worldviews in addition to offering Indigenous-specific programs through our department. We provide Indigenous student support services including counselling, tutoring, college application assistance and a positive, social environment through Enji Maawnjiding, the “Where We Gather” Indigenous Centre.

At Sault College, education and life intersect. Students have access to Elders, Indigenous professors and instructors and can become involved in our Indigenous Student Council. We offer scholarships, bursaries, and awards specific to Indigenous students as well as an Aboriginal Apprentice Centre. Community is important here, so be sure to check out our student events, weekly soup days, feasts, annual Pow-wow and Sacred Fire Arbour.
Finding the real you while walking in two worlds. We support students on their postsecondary journey while celebrating and maintaining connections to Indigenous culture and traditions.
CELEBRATING DIVERSITY

Sault College celebrates diversity, equity, inclusion and respect. Who would not! It makes every day here more exciting. We love what makes you – you. We love the richness and diversity of our student population and as our college community evolves, and our staff and student population changes, we will make sure we have a place that is welcoming.

We believe all people matter, are able and responsible, and should be treated that same way. We believe that we must put students first and that doing so in an honest way creates an invitational college which encourages diversity and inclusion, which in turn strengthens the fabric of our college and student life.

As such we demonstrate leadership in eliminating barriers, and implementing and promoting diversity through our academic policies, special initiatives and proactive measures.

Look for our Campus Watch initiative to help you feel safe within our school. Celebrate in our cultural events and festivals like International Day and seek answers you need from one of our International Department staff.

We are committed to taking on and getting rid of harassment and discrimination. So, we welcome you into our home – as we are excited to hear about yours.
CELEBRATING GENDER AND SEXUAL DIVERSITY

Sault College celebrates diversity of our students and knows its responsibility to work toward a safe and welcoming home for people of all gender identities and sexual orientation.

The lesbian, gay, bisexual, transgender, queer (LGBTQ+) community at Sault College is welcomed and we want your real you to be comfortable here. Our goal is knowing we can take care of all of our students through knowledge about LGBTQ+ issues and our available resources on campus to support our students in any which way they need.

Our goal is to ensure that all LGBTQ+ students, faculty, and staff feel supported and aware of LGBTQ+ issues and resources on campus.

Look for our Campus Watch initiative to help you feel safe within our school. Access to All Gender washrooms are also available throughout the campus. Celebrate in our Pride events throughout our school year and seek answers you need from our dedicated LGBTQ+ counsellor with additional access to the QSA Alliance, a local peer support group.

Feel welcome. Feel at home. Celebrate your real you.
Aviation

WERE YOU MEANT TO TOUCH THE CLOUDS? WITH STATE-OF-THE-ART FLIGHT SIMULATORS, YOUR CAREER WILL SOAR WITH ONE OF THE BEST AVIATION SCHOOLS IN CANADA.

You view the world differently than others. You're an explorer and seek an adventurous career without boundaries. At Sault College, you're not held back by gravity. Our Aviation Technology program prepares you to take flight and become a highly trained, professional, licensed pilot. And do you know what one of the best parts is? Your career can take you anywhere around the globe. That's pretty cool if you ask us!

Through on-campus instruction, flight simulation and in-flight training you'll be part of an award-winning program that will have you excelling in your field. And if you're interested in aviation but prefer having your feet on the ground, check out our renowned Aircraft Structural Repair program and join the leading edge of aircraft maintenance.

Sure, we're proud of our reputation as a top-flight school. But offering the best opportunities to students is what keeps our head in the clouds.

DID YOU KNOW?

Sault College’s Aviation – Flight program is regarded as one of the best flight schools in Canada!
The business world is constantly changing, so you need to adapt too. That’s where we come in. Well, us and five other Northern Ontario colleges. Our unique, Business Fundamentals, Business and Business – Accounting programs are delivered through a collaborative curriculum of six northern colleges at your fingertips. Business is about connections and you’ll be making them in a big way! Be part of a business program that has received a 100% satisfaction rating from grads.

Hey, and if you want to accelerate your career in business, you can do that too! The Office Administration – Executive program allows you to fast track your studies and gives you all the tools needed to thrive in today’s highly specialized offices.

And just one more question while you’re here: are you good at connecting people and creating a buzz? If so, public relations could be your calling. The Public Relations and Event Management program is unique in Ontario and will have employers eager to hire you as a professional with two in-demand skill sets. Gain real event management and PR experience through organizing events and executing campaigns for clients. We know you’ll make waves in this field!

Let’s get started. You were meant for a career in business and you will find it here.
Meeting new challenges is all about having the courage to take that first step to pursue fresh and exciting adventures. We know you have it in you to succeed and are excited to be a part of your journey. As a community of learners we know that meeting and overcoming challenges comes more easily with support from others. It’s how we all move forward. So, let’s take that first step together.

Community Integration through Cooperative Education (CICE) is a fully integrated two year certificate program designed to offer students with learning challenges opportunities to enhance their academic, vocational and social skills. We offer 19 program areas of study that are paired with program specific field placements resulting in a wide range of opportunities for you. The CICE program is designed to help you meet your full learning potential, and with in-class support and tutoring you are on your way to a whole new level of confidence in your abilities!

As a CICE program graduate, you will work with Community Employment Support Specialists to find a job that is the best fit for you. A new challenge awaits you! Find the real YOU right here!
You’re selfless and committed to improving the lives of others. We can’t tell you how much that means to us. But we CAN show how much we support your passion by offering the best community services programs to ensure you meet your career goals.

Child and Youth Care is your gateway into helping the lives of children, youth and families. Through this innovative program you will receive training in counseling, addiction, sexuality, mental health and special needs. Courses focus on the application of learning with field placements scheduled alongside classes. We’re happy to welcome you to a cooperative learning environment designed to see you excel in your career helping others.

Believe that children are the future? We do too! Inspire tomorrow’s generation by learning how to teach them today. The Early Childhood Education program at Sault College is highly regarded and provides exclusive research based training opportunities – you’re a VIP and we offer only the best! With an ECE diploma you can register and use the title of Registered Early Childhood Educator (RECE). Cool!

While we’re talking, we know you’d be great as a social services worker too. Your drive to help the lives of groups and communities is obvious! The Social Services Worker programs will provide you with the theories and approaches to support social justice and well-being to individuals and families. You can also specialize and become a Social Services Worker in Indigenous communities. Learn how to practice with a culturally competent approach, demonstrating an increased knowledge of Indigenous issues.

If making a difference is your passion, you will find it here.

Our Early Childhood Education program scored an amazing 93.4% Student Satisfaction rate as well as our Social Service Worker program scored 90.9% – both well above the provincial average!* Based on 2017 Key Performance Indicators
Find the real you. Mike did.

As a graduate of our chef training program at Sault College, Mike spends his days building master pieces in the kitchen. His passion for food took him from Irish Pubs to French Bistros where he found his true love in fine cuisine. After mastering the craft, he and his wife opened the Village House, a cozy 26 seat, open kitchen and upscale comfort food restaurant in Wakefield, Quebec – along the beautiful Gatineau River. From there, the accolades came rushing in – their business began to grow, it captured the attention of media, he was published in recognized cook books, he competed in the Gold Medal Plates in 2016 and has been embraced by the culinary community.

Visit www.saultcollege.ca/realstories to listen to this story and more.
Cooking and creating dishes is your art. You have an appetite to make people happy through your work. And guess what? That makes us really happy. So we’ve designed our culinary programs to have you working alongside experienced chefs, learning the techniques to make you a culinary star in any kitchen. Discover innovative ways to prepare foods for 1 to 100+ people in our state-of-the-art industrial facility. And tap into your creative side through practicing hands-on presentation methods – you know what they say; you eat with your eyes first!

Success in your field is our goal. So we offer real world experience by having you create dishes for our fast and casual, Gourmet to Go. Call this our secret sauce, if you will.

We look forward to seeing the heights you’ll reach in your career. Whether it is working in a resort, restaurant, club, or launching your own catering business – you will find your flavour here.

DID YOU KNOW?

Our Culinary Management program scored an 98.1% Student Satisfaction rate. That’s almost perfect!*

Based on 2017 Key Performance Indicators
You are the future of industry. The career you choose will help shape the lives of others for years to come. It’s a big responsibility, but hey, you’re up for the challenge. That’s why you’ve chosen a profession in engineering technology.

There’s a shift happening in the manufacturing, medical and aerospace industries right now. Simply put: robots are replacing jobs. Over 40% of the Canadian workforce is at risk of being affected by automation and over the next 10 years, big change will happen. The question is, will your career be positively affected by this change and will you be ready to meet the demands of a growing industry? Um... YES! Our Robotics and Advanced Automation program will have you thriving and ahead of the curve in a changing workforce. You will use a state-of-the-art laboratory to simulate a manufacturing environment and your leaning experience will revolve around real world scenarios.

Our Electrical Engineering Technician – Process Automation program will provide you with the knowledge of electricity and electronics. When you are done, you will be able to install, test, modify, troubleshoot, and repair electrical systems. Not only that, you will be able to evaluate, analyze, design, and develop those same systems!

Other in-demand careers are calling your name too. Just stop and listen to the world around you. The road you hear those cars on; not possible without civil engineering. The computer you’re streaming your music on; it would be silent without the electrical system designed through electrical engineering. And, the roar of your car engine; it would be a sputter without the parts and tools designed by mechanical engineering. Engineering makes the world tick, so we are happy to give you the tools through engineering technology programs to keep our busy lives up and running. Thank you for making the world better!

If you’re not sure what path in engineering you want to take, no worries. We offer a Pre-Trades and Technology program that will let you explore different areas of technology and skilled trades. Find the best fit for you here!

You have so much to offer the world and you know it (it’s okay to admit that). Because of it, your road to a fulfilling career could lead in any direction. If it’s all right with you, we’d like to join you on your journey for a short time. We can’t wait to see where it will take you. Let’s start here.

The General Arts and Science program is designed for YOU. The program allows you to explore a wide range of interesting subjects while developing sought after skills in communication, critical thinking and interpersonal relations. Study social science, humanities, communications, and math and science to find the best way to love what you do. Plus, you’ll work with faculty to choose electives and create an individualized timetable that works for your schedule! Once you get rolling in General Arts and Science, take your passion and continue in one of our other great diploma programs where, with the right requirements, you could be enrolled in your program of choice. We kind of love being there for you.

Want to be university bound? No problem. Just continue in the General Arts and Science – University Transfer Program. Gain a solid foundation for university study and discover the many pathways available to graduates wanting to continue in this direction. Our responsibility is to give you the best environment to explore your interests and help you prepare for the next steps in your education. And we take that responsibility very seriously.

Whatever career you choose to pursue, we know you’ll be great. Find the real you here.
Health Programs

DO YOU LOVE TO CARE FOR OTHERS? YOUR PASSION TO HELP IS INSPIRATIONAL. OUR JOB IS YOUR SUCCESS IN SOME OF THE FASTEST GROWING HEALTH CARE PROFESSIONS. AND WITH PROGRAM PASS RATES EXCEEDING PROVINCIAL AVERAGES, YOU KNOW WE TAKE OUR WORK SERIOUSLY.

The world needs more people like you. You’re compassionate and strive to positively affect lives. Sault College understands that an investment in you as a health program student is an investment to help the thousands you’ll impact through your career. And hey, we kind of like that. That’s why you will receive top-level instruction and hands-on training to ensure you can meet the challenges of your profession. Our diverse program areas are suited to your career goals and cover a wide range of fields in health care. As a nursing student you’ll actively explore a variety of engaging, career-specific scenarios that will prepare you for real-world success. And through our unique collaboration with Laurentian University we offer a complete Collaborative Bachelor of Science in Nursing (BScN) program on-site with degree granting opportunities. Our leading nursing programs proudly hold the top pass rates among Ontario colleges and develop the highest skilled, in demand providers of health care in the province.

Let’s team up and find a career that is fulfilling and meaningful to you. Whether your passion is nursing, fitness and health, personal support work or occupational therapy, you will find it here.

Indigenous Studies

DO YOU LOVE BELONGING TO A COMMUNITY OF INDIGENOUS LIFE, THOUGHT AND HISTORY? INDIGENOUS STUDIES IS AN ENVIRONMENT THAT FITS YOU – THE REAL YOU.

A learning atmosphere that creates and cares for physical, emotional, mental and spiritual health. Nurturing Indigenous Ways of Knowing – past, present and future – our strategies for student success provide a platform for excellence in Indigenous services to assist students on their journey to success.

As one of the few certified Indigenous language immersion certificates offered in North America, Sault College has long recognized the importance of language and culture within our communities. Providing maximum exposure to the Anishinaabe language as well as a connection to First Nation values and worldviews, this program provides learners with a starting point for Indigenous language acquisition and retention.

The Social Service Worker – Native Specialization program is for anyone who is interested in gaining the skills of a social service worker as you advocate for social justice in both Indigenous and mainstream organizations to help empower individuals, families and communities.

Embrace knowledge, relationships and the real you.

Employers are looking for you. Information technology is an integral part of industries and businesses across the globe. And we were hoping we could team up to meet your career goals in the IT sector. What do you say?

With the best student-to-computer ratio in the province, all the tools you’ll need to succeed in the computer programmer or analyst programs will always be available at your fingertips – first come, first served doesn’t apply here. And in the ever-changing world of computers, we want to make sure you don’t become outdated technology. That’s why we design our hardware and software environments to mirror up-to-date industry standard networks and platforms. We constantly evolve so you can design, develop and implement the newest computer applications in the field.

Oh, and if you’re interested in a university degree in computer networking or computer science after completing your diploma, you can continue your studies by applying your earned credits to Algoma University, Lake Superior State University or the University of Fraser Valley. If this is you, you will find it here.

Justice Studies

DO YOU LOVE TO SERVE YOUR COMMUNITY? IT TAKES A SPECIAL PERSON TO BE COMMITTED TO PUBLIC SERVICE. WE APPRECIATE YOU AND THAT’S WHY WE CONTINUE TO OFFER STUDENTS THE BEST TRAINING IN THE PROVINCE.

People like you want to make a difference in the world. And that motivates us to provide the best programming to our justice studies students. We think of it as a win-win: you receive the best possible training and we get a top-level public servant in our communities. Great things happen when we work together.

Endorsed by the Ministry of the Solicitor General and Correctional Services, the Police Foundations program at Sault College prepares you with the skills and knowledge required for a position in policing. Police Foundations offers hands-on experience through our partnership with Crime Stoppers for Patrol – the only one of its kind in North America.

But it gets better. Our #1 ranked Police Foundations and Protection, Security and Investigation programs provide you the option to graduate with two college diplomas AND a university degree through our neighbouring Lake Superior State University. This can add up to a significant cost savings for your education.

Get started in your career in criminal justice at Sault College. With 85% of our graduates finding employment within six months of graduation, you’ll be making a difference sooner than you think.

“Quiet on the set!” Have you ever pictured yourself saying that? You’re an artist with a creative vision that can’t be held back. And that inspires us. Let’s work together to bring that vision to life.

Press play on a career in digital film production at Sault College. You will experience a unique program that takes you through the filmmaking process from start to finish. Learn about idea development, scripting, production and distribution. Gain valuable insight into producing for both film and television. Film production is a thriving business in Canada, Sault Ste. Marie, and even on our very own campus ... how could we forget that? We’re excited about your journey as a digital storyteller!

If design is more your scene, sketch out your professional goals in the Graphic Design – Digital Media program. You will explore the design process alongside professional designers. And with project based learning you’ll gain hands-on experience while developing a relevant portfolio that will get you noticed by employers. Did we mention you receive an advanced diploma? That’s right! The program is accelerated so you will complete our 3-year program in only 2 years. It will be sad to see you graduate so soon, but we’re okay with that.

If video game art is more your flavor, then you will find it here. We offer a balanced schedule that emphasizes art creations and production. You will focus on traditional arts, as a foundation for digital art skills. You will be creating before you know it!

If you’re excited about graphic design, digital film production or video game art, the real you is now playing at Sault College.

That’s approximately 20% above the provincial average for our Graphic Design program!*

Based on 2017 Key Performance Indicators
We love that you love the environment! The outdoors and nature are a huge part of where we at Sault College call home. Sault Ste. Marie is at the heart of the Great Lakes, surrounded by lush forests and among the rugged terrain of the Canadian Shield. Sounds like the perfect setting to study the outdoors, doesn’t it? We think so too.

Our nationally recognized Natural Environment & Outdoor Studies programs focus on conservation, environmental protection and exploring natural resources through field-based study and hands-on instruction. You will be a part of an immersive approach to learning where your classroom is a 45-hectare outdoor lab. And multi-day field trips will have you putting your knowledge to the test.

The environment is a shared passion at Sault College. If you’re excited about a career in adventure recreation, fish and wildlife conservation, forestry and/or as a Natural Environment Technician and Technologist, you belong here.

Adventure Recreation and Parks Technician
Fish and Wildlife Conservation Technician
Forestry Technician – Conservation

You have the desire to help people be their best self. We think that’s awesome! You understand that being able to put your best foot forward is important and that for some, part of self-assurance is feeling good. So you look to inspire confidence in others through your career. We get you! And we have the programs to help you succeed.

Our Esthetician program will give you the skills to master a full range of treatments in salons and spas. You will learn from seasoned professionals in a fully equipped esthetic lab and gain valuable hands-on experience in a student-run community day spa. Graduate with possibilities in health and wellness centres, resorts and on cruise ships, cosmetic sales, makeup consulting and more. We feel relaxed just thinking about it.

If your interest is styling, our popular Hairstyling program is the spot. Keep pace with changing industry trends and learn the ins and outs of meeting client needs. Gain first hand experience in our on-site salon using the tools to specialize in cutting, styling and chemical services. Career opportunities in hairstyling are endless. You can work in a salon or own one; travel the world as a stylist or have a career from home; or, you can continue your learning by specializing or finding a profession as teacher.

We want you to transform your passion for style into a career. You will find it here.

**DID YOU KNOW?**

Our Hairstyling and Esthetician programs scored over a 92% Student Satisfaction rate – well above the provincial averages!* 

Based on 2015-2016 Key Performance Indicators
Skilled Trades & Transportation

DO YOU LOVE THE ROAR OF AN ENGINE? WHETHER YOU WANT TO WORK ON HEAVY EQUIPMENT OR WITH IT, YOUR SUCCESS IS WHAT DRIVES US.

You like to make things move. Fast. We feel the adrenaline just thinking about it! Cars are more than hobby to you; they’re a way of life. With a state-of-the-art motive power centre, you’ll have the tools and training necessary to take your passion to the next level. Let’s go!

Through our Motive Power programs you will gain valuable hands-on experience building, diagnosing and repairing a wide variety of cars, trucks and heavy equipment. The unique layout of our classrooms mimic the actual workplace to give you real world practice and make it easy to transfer your skills to the shop. Pretty cool, eh? You’ll also learn all of the ins and outs of the service business along the way.

If building is more in your lane, you’ll be excited about our skilled trades programs. Our communities are built by passionate tradespeople like you and we’re honoured to be working together to put the finishing touches on your career.

Gain essential carpentry skills and learn industry standard building techniques in the Construction Carpentry Techniques program. In only eight short months you’ll know how to draft estimates, survey, create layouts and read blueprints. And if you’re interested in learning a skill used in almost every trade, the Welding Techniques program will have you thriving in a profession that’s in high demand. Master welding various types of metal while learning how to develop blueprints for different projects.

There are so many great career options in skilled trades. We know! Don’t worry if you’re unsure about what area you’d like best. The Pre-Trades and Technology program will give you the chance to sample different skills and backgrounds while offering you a solid foundation in trades and technology.

If you’re interested in getting the job done, you will find it here.

DID YOU KNOW?

Our Motive Power Technician program scored a 93.3% for Quality of Facilities. That’s well above the provincial average!* Based on 2017 Key Performance Indicators

Aircraft Structural Repair Technician (Delivered at Fanshawe College)

Pathways

Sault College actively seeks “pathways” for your continued education, whether you wish to pursue a degree, another diploma or a graduate certificate. Oftentimes, Sault College graduates receive transfer credits too! There are many options already established, for you to explore; however, if you are seeking other opportunities, the Registrar’s Office will happily explore new pathway options for you! For more information visit saultcollege.ca/pathways.

Apprenticeships

Do you love looking up to someone? Or love learning alongside experienced professionals in your chosen field of study? Getting paid for the work you do is also a bonus! You’ll couple your hands-on education with classroom training or online learning with us while registered as an apprentice with the Ministry of Training, Colleges and Universities.

We have an amazing variety of different apprenticeship programs below, for whatever you love!

<table>
<thead>
<tr>
<th>Automotive Service Technician</th>
<th>Cook</th>
<th>Parts Technician</th>
</tr>
</thead>
<tbody>
<tr>
<td>Commercial Vehicle Common Core - Level I</td>
<td>Hairstylist</td>

<tr>
<td></td>
<td>Industrial Electrician</td>
<td>Truck and Coach Technician</td>
</tr>
<tr>
<td></td>
<td>Ironworker</td>
<td>Utility Arborist</td>
</tr>
</tbody>
</table>

For more information on our apprenticeship programs, visit saultcollege.ca/apprenticeships

Dual Credit Options

TWO FOR THE PRICE OF ONE! IT DOESN’T GET ANY BETTER THAN THAT.

You can start your career by taking college classes while still in high school. Not only do they give you a sneak peek into the college atmosphere and life, they also give you a glimpse into a career that you’ll love. Plus, they count as both a high school and a college credit.

HOW TO APPLY

If you are a student in grade 11 or 12 talk to Student Services at your high school to determine your eligibility.

For more information visit saultcollege.ca/dualcredit

Academic and Career Entrance (ACE) Certificate

Missing a college admission requirement for your college program of choice? If so, our Academic Upgrading program can help you.

Academic Upgrading offers you the chance to prepare for college-level and apprenticeship programs at any time during the year. With year-round intake, flexible course delivery and self-paced learning options, upgrading meets the needs of a diverse student population.

Academic Upgrading students have the opportunity to take a college course free-of-charge.

For more information visit saultcollege.ca/upgrading

Co-operative Education

Co-operative Education (Co-op) provides opportunities for you to learn beyond your classroom as you integrate relevant work experiences into your academic studies. Co-op also lets you further develop life and employment skills while earning money.

You can also get a better idea of the career options available to you and build your network of contacts for future employment. Many employers prefer hiring co-op grads because of the applied learning they receive. We will prepare you for your summer work term and employment upon graduation.

For more information visit saultcollege.ca/co-op

Dual credit programs are funded by the Government of Ontario through the School College Work Initiative.
Program and Admission Requirements

You will need an Ontario Secondary School Diploma (OSSD) or equivalent to take a College program. We offer Academic Upgrading free-of-charge if you did not graduate from high school or do not have the requirements for the program you want to take. Mature students over 19 who do not have a high school diploma are also welcome to apply.

HOW TO APPLY
WE ARE HERE TO HELP YOU IN ANY WAY WE CAN. CALL US, TWEET US, TEXT US, COME BY AND SPEAK DIRECTLY WITH OUR OUTSTANDING AND APPROACHABLE PROFESSORS. YOU’LL SOON FIND OUT WHY SO MANY STUDENTS CHOOSE SAULT.

1. Go to www.ontariocolleges.ca by February 1st for equal consideration. Follow the prompts to complete the process. Call us at 705.759.2554 ext 2222 for help as you are applying. We are standing by to help in any way we can. There is a non-refundable $95 fee to apply.

2. Watch for communication from Sault College. Once your application is processed, you’ll receive an official letter in the mail to let you know if you are accepted into your program of choice or if there is anything missing.

3. The most important step is going back online to www.ontariocolleges.ca to confirm your offer once we’ve accepted you into your program. Offers of admission are sent out after February 1st. We need to know you’re coming so we can get things ready for you.

4. Lastly, you’ll need to pay your fees to secure your spot. We’ll let you know what else you need along the way. Congratulations! You’ve just made a great choice in choosing Sault. We’ll see you soon!

FLY WITH US!
Tear out opposite page along perforated line and fold as indicated – dotted lines in, dashed lines out.
